## Transferred to Federal Court.

Judge A. M. Cochran, of the United States Court for the Eastern District of Eastern Kentucky, Friday, handed down a decision holding that the Caleb Powers' case was transferred to the United States Court, by his petition for removal. He ordered the writ of habeas corpus to issue, to transfer the custody of the prisoner's person to the Federal authorities. The attorneys for the State will take an appeal to the United States Supreme Court. An order was issued that pending the appeal the prisoner should be kept in jail in Newport.

Attorney General Hays and Commonwealth Attorney Franklin unite in a statement in the Powers case that there will be no resistance to Judge Cochran's order except the legal one of an appeal. This appeal will be filed in the Supreme Court at once, and when that court convenes in October it is the purpose of the Commonwealth to have the case advanced and tried as soon as possible. However, there will also be filed a suit in the Supreme Court against Judge Cochran to compel him to remand the case to the State court.

## Popular Bourbon Turfman.

A New York letter in the Kentucky Farmer and Breeder contains the following:

"The two-year old stake of Brighton's opening day was The Distaff, for fillies, in which Woodford Clay ran first and second with Running Water and Single Shot. He also won a race with his three-year-old maiden, Angler. This popular young Kentuckian has met with remarkable success ever since he came East. His entire stable has been kept in first-class condition right along. He has also entered his horses most sensibly, placing them in company where they belonged and where they could show up to best advantage. As a consequence he has won no big stakes, but the aggregate of nice purses annexed is a most respectable sum. During the Sheephead Bay meeting his earnings amounted to \$4,000. Young Clay is very popular with turf folks generally in these parts, and his success is a source of much gratification."

OCULIST.—Dr. H. C. Bowen, the oculist, will be at A. J. Winters & Co.'s on July 13, 1905.

## State Taxes Increased.

The Board of Equalization completed its work yesterday. The result of their work shows an increase of \$161,416 in taxes over the amount of revenue of last year on the same class of property. The total equalized value of the property as shown by the report is a total of \$644,489,090 upon which the State will collect \$3,222,445.45.

## A Novel Plan.

Every town is anxious to draw trade from as great a distance as possible, and the problem of how to accomplish the best results in that direction has received the best thought of business men everywhere. One of the most novel plans for this purpose has been adopted by the business men of a Kansas town and it looks like it ought to be a winner. On every Saturday they will give a prize, of \$5 to the farmer who has driven the farthest to town to trade. To be entitled to the prize, however, the farmer must trade to the value of at least that amount. The plan ought to be an attractive one to the farmers living at a long distance.

## Electric Road From Paris to Maysville.

A very enthusiastic meeting was held at the Windsor Hotel, in this city, Friday afternoon, in the interest of the proposed electric railway from this city to Maysville, via Millersburg, Carlisle, Blue Lick Springs, Mayslick, Fairview and Washington. Former Congressman J. N. Kehoe, of Maysville, presided at the meeting. If they can raise \$25,000, with which to secure the franchise from the counties Bourbon, Nicholas, Fleming and Mason, and for right-of-way, there will be no difficulty in financing the scheme, with Eastern capitalists. Mason county has already pledged \$12,500 of the amount. Bourbon is asked to contribute \$6,000, while Fleming and Nicholas the remainder. The line of route will be along and near the Maysville and Lexington turnpike, the company owning the right-of-way, which they assert will in nearly every instance be donated free by the farmers and residents. Among those present at the meeting were Mr. John Duley, of Maysville, Attorney J. M. Brennan, Judge Harmon Stitt, J. W. Davis, R. J. Neely, Geo. Alexander, J. D. Booth, A. J. Fee, Horace Collins, H. A. Powers and others.

It is our understanding that all of the money except the \$6,000 allotted to Bourbon has been subscribed, and it is believed this will be quickly subscribed, as the road would be of great benefit to Paris.

Paris, Ky., Tuesday, July 11, 1905.

WE are in receipt of a pamphlet from Warren Brothers  
Company, the well-known Boston firm that put down the best of  
streets, which is devoted to criticisms on streets in different  
parts of the country like Main street in Paris. They show by  
experts that they have been a failure. The pamphlet gives con-  
siderable space to the Paris street, and claims that it has turned  
out just as this firm predicted it would when the Indianapolis  
Company received the contract over them.

The condition of Main street at this time is something  
awful. The filth and mud on top of the mushy tar makes it  
difficult to be crossed by ladies at all without ruining their  
skirts and pretty shoes. The time for the Indianapolis people  
to arrive has gone by, and it is believed by many that they  
never expect to make good. Why wait on them any longer—  
file suit against their bondsmen and get some company to repair  
the street, or let the city hands do it. Why wait again until the  
busy season with our merchants to tear the street up? Council-  
man O'Brien with his force of street hands has demonstrated  
that they can put down as good a street as is needed, and if you  
are not going to give us something out of the ordinary for Main  
street give us the plain macadem.

THE meeting held in this city Friday afternoon in the inter-  
est of the electric road from Paris to Maysville was a very satis-  
factory one, and this road is within our grasp if the people here  
will only take a hold and push it along. The \$6,000 allotted to  
this county should be furnished by our citizens without any  
hesitation whatever. Just think for a minute, a direct connec-  
tion from Paris with the C. & O. and the Ohio River at Mays-  
ville, means in itself more than can be calculated in figures.  
This is another chance for Paris to be benefitted more than any  
one can tell, and we trust that our citizens will take advantage  
of the opportunity before foreigners move in and take the good  
thing away from them. The promoters are all well-known for  
their business integrity and you might say all home men, at  
least they are on this side of the river. This is a great opportu-  
nity for Paris.

THREE times tried and convicted, three times granted new  
trial by the Court of Appeals and now ordered to the Federal  
Court for trial, is the record made by Caleb Powers, the head  
conspirator in the assassination of Senator Goebel. And yet it  
is claimed by the Republicans that he can't get justice meted out  
to him in the State courts. They are not clamoring for justice,  
for if justice had been dealt out to them, Powers, Taylor, How-  
ard, Youtsey and others would have long since dangled between  
Heaven and Earth at the end of a rope.

We are truly glad that the case will be taken to the Supreme  
Court and forever settled, and it would also be a God's blessing  
if there was some court the Hargises, Callahan, &c., of the  
County of Breathitt, could be taken to and have their cases set-  
tled for all time.

GOVERNOR FOLK, of Missouri, is now engaged in active en-  
forcement of a State law ordering the closing of saloons on Sun-  
day, and people are wondering whether he is a believer in the  
wisdom of that law. So far he has given no public expression  
of his view. The law is on the books, he says, and he has  
sworn as Governor to administer it and all other laws. That  
ought to be sufficient for any other public officer. If a law ex-  
ists it should be enforced. If the people consider it a bad law  
it should be repealed. Gov. Folk may at heart disagree with  
the Sunday-closing statute, but, all the same, he is doing his  
duty and in this he offers a fine example for the rest of the  
country.

THERE is a city ordinance prohibiting any one from hitch-  
ing a horse to a telephone pole in the city of Paris, but like  
many more of them it is a dead letter. On Sunday there were  
three horses, attached to buggies, hitched to the telephone pole  
on Fifth street, between Main and Pleasant, one of the horses  
with the buggy entirely blockading the sidewalk. Ladies com-  
ing from church had to file around them in the middle of the  
street to get by, or take the opposite side in the broiling sun.  
It does look like this could be stopped by the officers taking all  
such horses to the livery stable. A man that can afford to own  
a horse and buggy ought to afford to pay ten cents to hitch him  
in a livery stable.

## STOCK AND CROP.

—Local dealers are offering 90 cents for wheat that is in prime condition.

—Tom Gorham sold to J. B. Duval, of Clark, a black 3-year-old mare for \$170.

—Hibler Bros. shipped five carloads of extra heavy hogs to the Cincinnati market, which cost the \$4.85.

—Ed. Blake sold two car loads of corn to Oscar Carrick, to be delivered at Centerville Station, at \$2.60 per barrel.

—The Missouri saying "mules is mules," was never better exemplified than at present when mule colts are selling at \$90 to \$115.

—The experimental crops of alfalfa in Daviess county are proving satisfactory to the farmers. While the first crop was a little light the second crop promises a much better yield.

—W. H. Whaley, Jr., shipped one double-deck car of lambs to Jersey City, costing five and one-half to six cents; also one car of hogs, average 200 pounds, to Cincinnati, at five cents per pound.

—At Richmond, Harry B. Hanger bought at public auction the Stone Walker farm containing five hundred and forty acres, paying \$130.10 an acre. This is the highest price ever paid for land in that county.

—Eleven head of fat cattle belonging to the late Maj. Jno. D. Harris, of Madison county, were struck by lightning and killed last week, entailing a loss of about \$900. They were found several days afterwards bunched together under a small tree stark dead with decomposition setting in.

—Thomas McClintock & Sons, of Millersburg, shipped three double-deck cars of lambs from Sadierville, Millersburg and Paris, to Jersey City, costing five and one-half and six cents; also one car of hogs to Cincinnati at five cents per pound. They sold to Jack Cunningham 100 extra sheep at \$4 per head, and bought of John Marshall, of Avon, 350 sheep at \$3.50.

—"Dr. C. J. Clark, the well-known chicken fancier and poultry breeder, of Paris, has presented Mr. James T. Cooke with a setting of eggs. The pen from which these eggs came carried off the prize at the Louisville Poultry Show last winter, and the grandparents of the chick-to-be were the prize-winners at the Pan-American Exposition. Dr. Clark's ambition is to have the finest strain of chickens in America and he is sparing no expense to attain this end."—Harrodsburg Herald.

—The Louisville Herald has the following to say of a Parisian: "D. W. Peed, of Paris, Ky., who is known to admiring circles of friends as 'the king tobacco dealer of the State,' reports that the weed is showing fine progress at present, and that chances are excellent for a bumper crop. A much larger acreage than usual is this year in tobacco, and the principal fear is that there will be an over production. Mr. Peed has handle about one million pounds this season, and has just completed his sales. The quality this year will be above the average, it is thought, but will likely, on account of the anomaly of two great production, not bring as high prices as the previous crop has done."

### Royal Tips.

Some of the European monarchs give very large tips whenever they travel, and others on the contrary are quite niggardly. Emperor Nicholas of Russia is the most liberal in this respect. During his brief visit to France three years ago he spent \$16,000 on tips to servants and almost as much on presents to officials and others. King Edward of England is not quite so generous, but as he travels a good deal, both within his own realm and abroad, he is obliged to lay aside each year \$32,000 as allowance for tips. Emperor William of Germany is more generous in a foreign country than at home, and during his recent visit to Cowes, England, he spent not less than \$1,000 on tips. Of the remaining rulers some spend reasonable sums and others very little, but probably quite as they can afford.

It will be a strong competitor for the white burley crop with the American Tobacco Company.

### A Grim Tragedy

Is daily enacted in thousands of homes, as Death claims in each one, another victim of consumption or pneumonia. But when cough and colds are properly treated the tragedy is averted. F. G. Huntly, of Oakland, Ind., writes: "My wife had the consumption, and three doctors gave her up. Finally she took Dr. King's New Discovery for consumption, coughs and colds, which cured her, and today she is well and strong." It kills the germs of all diseases. One dose relieves. Guaranteed at 50c and \$1.00 by Oberdorfer, the druggist. Trial bottle free.

## BROWER'S

### More Care and Attention

Is being given at the present time to the decorating and furnishing of the interior of the home in a comfortable but artistic manner than at any other period in the history of our country.

This fact is attested by the numerous magazine articles and by magazines themselves devoted exclusively to this purpose that have lately appeared.

Our aim has been to keep our stock of furniture, floor coverings, etc., up to the minute, and at the same time to study how best to show you the existing styles.

With this end in view we have furnished three rooms representing three historical periods, the Italian Renaissance, Empire and American Colonial.

We believe that these rooms will be of interest to you and cordially invite you to inspect them at your convenience.

### Owed a Cool Million.

P. J. Potter's Sons, Bowling Green bankers, forced into bankruptcy Friday at Louisville by Bowling Green and Louisville creditors, owe \$1,005,164 46. They have assets amounting to \$192,529 16 in excess of the debts. The action throwing them into bankruptcy was taken by creditors who became impatient at the refusal of the assignee to appoint an expert accountant to go over the books. Colonel Mottley, the assignee, had declared a dividend of 10 per cent. to be paid August 1. This, of course, will not now be paid.

FRUIT JARS.—I have just received a large consignment of the celebrated Mason's Fruit Jars. All sizes at prices to suit. LOUIS SALOSHIN.

### Spoiled Her Beauty.

Harriet Howard, of W. 34th St., New York, at one time had her beauty spoiled with skin trouble. She writes: "I had salt rheum or eczema for years, but nothing would cure it until I used Bucklen's Arnica Salve." A quick and sure healer for cuts, burns and sores. 25c at Oberdorfer's drug store.

WHEAT WANTED.—Plenty of sacks, will receive at either end of town. E. F. SPEARS & SONS.

### Auto Breaks Down.

W. P. Carpenter, of Cincinnati, accompanied by two gentlemen friends, were compelled to remain in the city over Sunday night on account of the oil pipe of their automobile breaking, near the Georgetown bridge Sunday morning. The machine was hauled to R. J. Neely's warehouse by a horse and left for repairs, Mr. Carpenter going to Cincinnati yesterday to send a man to repair the machine. They were out for a little jaunt through the bluegrass country.

### The Perfect Woman.

The question, What Constitutes the Perfect Woman? is entertainingly discussed by a correspondent in the current Harper's Weekly. In a discussion reported by this correspondent the dispute turned upon the four requisite qualities to be found in the finest type of woman. These qualities were named as essential: 1. A sense of religion; 2. An affectionate disposition; 3. A high reverence for maternity, and 4. Docility of temperament. On the other hand, it was held by another that beauty, high spirits and intelligence should be included in the list. The general conclusion seemed to be that intelligence, at least, was not a paramount necessity in the perfect woman.

### A Comedy of Errors.

It develops that the work of the mob which forced its way into the jail at Russellville about a week ago, for the purpose of lynching several men confined there, was more of a comedy of errors than the tragedy it was intended to be. In the confusion a rope was thrown around the neck of the leader of the mob under the supposition that he was one of the men wanted, and he was dragged half a block before the mistake was discovered. John Sacra, one of the men wanted, and charged with assault on Marie Gladder, was convicted at Russellville Saturday and his punishment fixed at death.

### DEATHS.

—John H. Deaver, aged eighty-three years, one of the best-known of the old residents of Bourbon county, died at his home near Paris at 3 o'clock Friday afternoon of a complication of diseases. He had been an invalid for nearly thirty years, not having left his home in that time. He was one of the best informed men in the county and was an earnest student of current affairs. He leaves four children—Mrs. Robt. Langston, Lee Deaver and Bedford Deaver, of this county, and Mrs. J. Brooks Frakes, a trained nurse in a Louisville hospital. Funeral services were held Sunday evening at 3:30 o'clock at the Paris cemetery, conducted by Rev. E. H. Rutherford.

LION BEER.—Everybody who drinks beer should always insist on having the famous Lion Beer.

tf T. F. BRANNON, Agent.

### All a Fake.

The special in Sunday's Equirer from Georgetown stating that J. W. Newman, Democratic nominee for the State Senate from the Woodford county district, had joined the Paynter forces, and that Blackburn's friends were behind Mr. Isham Bailey, who has announced as independent against Newman, is branded as a fake pure and simple by both Blackburn and Newman. It is the work of some of Blackburn's enemies. Mr. Newman is one of the Senator's closest friends and political supporters, and says no man in the State will do more to secure Blackburn's election than he.

### RELIGIOUS.

—Rev. E. G. B. Mann will conduct prayer meeting at the Methodist Church Wednesday evening, July 12, at 7:30 o'clock.

### Senator Newman Has Opposition.

Mr. Isham Bailey, a prominent grain and commission merchant of Versailles, has announced himself as a candidate on the Independent ticket in opposition to Hon. J. W. Newman, the Democratic nominee for State Senate for the district composed of Woodford, Scott and Jessamine.

### Much Mixed Affair.

Mrs. C. L. Howard, who was accused by her alleged husband, a Bourbon county farmer, of near North Middletown, of deserting their home with H. C. Meyers, a neighbor, was located in Lexington on Bright Avenue Friday morning, where it is said she is living with Meyers. The couple were taken to police headquarters and brought face to face with Howard, where a scene took place between the couple.

The woman told Chief Reagan that she had never been married to Howard, and that she would not return to him. She said Howard had deserted a wife and several children in Virginia when he took up with her, and that when she found life unbearable with him she left home. Meyers also told Chief Reagan that he would not return to his wife, and as there was no charge against the couple they were allowed to go. Howard has returned to his home in this county.

## Fired on His Pursuers.

On Sunday afternoon, about five o'clock, the residents on South Main Street were thrown into considerable excitement by a gang of negroes who came running out of Claysville chasing a negro by the name of Herbert Gatewood, pelting him with stones and sticks. Gatewood is a Mt. Sterling negro, who is employed as cook for Robert Clark's threshing hands. After following him down Main Gatewood emptied his revolver at his pursuers and took refuge in the stable of Sidney G. Clay, on corner High and Eleventh Streets. His pursuers surrounded the stable, but the police arrived on the scene about this time and they were not long in dispersing. Chief Hill arrested Gatewood and put him in jail. Later policeman Elgin arrested John Warren, one of the leaders of the gang after Gatewood.

### CONSUMPTION'S WARNING

Inside facts soon become evident in outside symptoms.—DR. G. G. GREEN.

The aid of scientific inventions is not needed to determine whether your lungs are affected. The first symptoms can be readily noted by anyone of average intelligence.

There is no disease known that gives so many plain warnings of its approach as consumption, and no serious disease that can be so quickly reached and checked, if the medicine used is Dr. Rosche's German Syrup, which is made to cure consumption.

It is in the early stages that German Syrup should be taken, when warnings are given in the cough that won't quit, the congestion of the bronchial tubes and the gradual weakening of the lungs, accompanied by frequent expectoration.

But no matter how deep-seated your cough, even if dread consumption has already attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble.

It is said that Sweden is taking precautionary measures on the frontier to offset the reported threatening attitude of Norway. The Swedish treasury Friday borrowed \$6,500 to pay extraordinary expenses.

The Supreme Court of Kansas Friday rendered a decision declaring the oil refinery law passed by the last Legislature of the State to be unconstitutional. The opinion of the court, which was unanimous, inferentially criticises Gov. Hoch for setting up a scarecrow to frighten the Standard Oil Company, which he himself later substantially acknowledged to be harmless.

Of ague and malaria, can be relieved and cured by Electric Bitters. This is a pure, tonic medicine; of especial benefit in malaria, for it exerts a true curative influence on the disease driving it entirely out of the system. It is much to be preferred to quinine, having none of this drug's bad after-effects. E. S. Munday, of Henrietta, Tex., writes: "My brother was very low with malarial fever and jaundice, till he took Electric Bitters, which saved his life." At Oberdorfer's drug store; price 50c, guaranteed.

### CURE FOR HAY FEVER.

Clarke & Co. Say Hyomei Will Give Relief—Sold Under Guarantee.

The season for hay fever is almost at hand, and many people feel that they will be obliged to go away in order to avoid the sneezing, watery eyes, and other annoying symptoms of this disagreeable summer disease.

Clarke & Co. wish to announce that when Hyomei is used as a preventive, or a cure there will be no hay fever. They advise daily treatment with Hyomei for two or three weeks before the usual time for the annual appearance of hay fever. If this is done, the attack will be prevented. However, if the preventive treatment is not started soon enough, and the disease makes its appearance, use Hyomei six or seven times daily, and relief will be given at once.

There is no stomach dosing when Hyomei is used. Breathed through the neat pocket inhaler that comes with every outfit, its medicated air reaches the minutest air cells, killing all germs and soothing and healing the irritated mucous membrane.

The complete Hyomei outfit costs but \$1, extra bottles 50 cents. It is the only treatment for hay fever sold by Clarke & Co. under guarantee to refund the money if it does not give satisfaction.

### Same Train in Another Wreck.

A passenger train on the L. & N. Railroad from Louisville, due at Lexington at 5:20 o'clock, ran into an open switch in the Lexington yards Saturday afternoon and five people were injured. It is believed by officials of the road that the switch was thrown by some one to wreck the train. The injured are: Mrs. A. D. McFarlan, of this city, bruised about the face; Mrs. W. E. Roberts, Yarnellton Station, bruised about the face; Galen Jones, Science Hill, bruised about the body; Geo. Brown, Lexington, foot mashed; Geo. Waddy, Lexington, scalp wound.

This is the same train that was struck by the C. & O. limited at Viley Station Sunday afternoon a week ago, when a score of people were injured.

### Cabbage Snakes.

Rev. John Johnson, colored preacher at Cynthiana, is the first to report cabbage snakes in that vicinity. He brought to the Log Cabin office in Cynthiana three of the so-called cabbage snakes, which he found in a head of cabbage shipped from Cincinnati. The worms considerably resembled fishing worms.

The "cabbage snake" has caused such a scare throughout the country that the cabbage industry for a time was almost ruined. The U. S. Department of Agriculture has made various experiments and tests, and has pronounced the worm absolutely harmless and entirely free from poison.

### Swift and Speedy Revenge.

At Normandy, Spencer county, Ky., Chester Crawford, a young farmer, shot and instantly killed Lon Beard, a negro, who the night before attempted to assault Mrs. Crawford. Beard was being taken from Taylorsville to Shelbyville for safe-keeping and when the train stopped at Normandy Crawford stepped aboard and fired seven bullets into the negro's body. He at once surrendered to the Sheriff, and after the Coroner's verdict was rendered he was released on a bond of \$1,000, signed by fifteen of the leading citizens of his neighborhood.

### The Kentucky State Fair.

The Kentucky State Fair, which will be held in Lexington, Sept. 18-23, will undoubtedly be the biggest fair ever held in Kentucky. Secretary Geo. A. Bain is going to make a special effort to make this a woman's fair as much as a man's fair, and the Floral Hall and Home Department will be one of the most attractive features. Every Kentuckian, in Central Kentucky at least, should take a special pride in giving all aid in their power to make this fair permanent for Lexington. It is a State Fair and will draw people from all over the United States to our Commonwealth, and by every true Kentuckian taking the proper interest in the fair we will soon have a fair with a National reputation.

FOR FAMILY USE.—Order a case of Lion Beer from T. F. Brannon. None better for family use. tf
